

## Community Volunteer Project Proposal

Community Volunteers are local organizations, clubs, businesses, and students that are inquiring about providing service for a **one day** project at the Battered Women's Shelter. Due to project placement and the need for BWS staff supervision, please allow for a minimum of **one weeks' notice** before the project's expected date.

The Volunteer Specialist will try to accommodate your group's financial capabilities in regards to choosing the project, as some of our projects have a cost associated to allow for purchasing of resources needed. We also may request that the group provide their own materials and tools to complete the certain projects.

Please note: We cannot provide opportunities in shelter for volunteers under the age of 18. However, based on the project proposed & the discretion of the Volunteer Specialist, alternative opportunities for minors can be considered.
